

## PDR-Series

Right-angle planetary medium-end ECO serie.  
Rotary flange output.

The PDR series is an economy right angle rotary flange output precision planetary gearbox with accuracy down to less than 6 arc minutes. The PD series features lower inertia, lower size and weight, quieter operation, reduced backlash, increased efficiency and greater mounting versatility.

Design your APEX Gear with the Calculation Tool.

**Operating Temperature (°C):** 0 ~ +90

**Protection Class:** IP65

## General Data

| Designation | Remark   |
|-------------|--|
| PDR 053     | Measurements and other technical data depending on configuration of gear. See more information in pdf. |
| PDR 064     | Measurements and other technical data depending on configuration of gear. See more information in pdf. |
| PDR090      | Measurements and other technical data depending on configuration of gear. See more information in pdf. |
| PDR 110     | Measurements and other technical data depending on configuration of gear. See more information in pdf. |
